

At KörperMagazine, we are committed to organizing a unique experience to showcase and promote your art on a day that will be memorable for you.

## **METHODOLOGY & FEES:**

1. Our main venue is **InusualProject (Raval, Barcelona)**, a multipurpose and highly underground space. We have a contract with them for organizing events on **Tuesdays from 6 PM to approximately 11 PM**.

2. To ensure proper organization and promotion, we must have the entire production planned at least 3-4 weeks before the event. This allows us to carry out effective promotion. This means you need to provide us with a clear and detailed vision of what you want to do within the stipulated period.

3. **360° Event Promotion.** We guarantee comprehensive promotion both on social media and physical spaces in the cultural and commercial scene, as well as full promotion on event organization platforms such as Eventbrite and Meetup. Your art will be promoted everywhere.

4. We have a **musical artist** who will bring energy to your event with a customized production suited to your project's characteristics. If you know someone who would like to perform or express their music, let's talk about it. In previous events, this has been a highly enriching experience.

5 On the day of the event, you can bring any extra material you have or want to create to **sell to attendees**. We have experience in design and production of fanzines and photographic printing, so we can help you.

**IMPORTANT:** If you want to leave your artworks displayed in the venue after the event and any sales occur, the venue will take a 15% commission from the selling price. However, all revenue from sales during the event itself is entirely yours.

## **6. Our fees:**

**-Event with film screening and talk: €60**

**-Event with talk and photographic exhibition: €85**

Maximum photo size: 50x70 cm. This depends on existing exhibitions in the venue at the time, but generally, we have complete creative freedom.

Note: For talks, we will cover the design and production of audiovisual support materials (if you need them).

## **What costs do we cover?**

Managing an event includes many processes and expenses, distributed as follows:

- Venue rental
- Hiring the musical artist
- Hiring the event photographer
- Complete production and setup of the exhibition
- Renting or producing materials for the event (projector, exhibition modules, furniture, etc.)
- 360° event promotion: We cover design and production of posters and flyers, their distribution, and signage for the event day. We also cover subscription to event platforms (e.g., Eventbrite) for ticket sales and advertising on Instagram.
- Design and production of event-day "sellable" items.

7. **Entry price:** If you choose to charge an entry fee, you set the price. The profit is split 60/40 (**60% for you, 40% for the venue**). Our goal is for you to recover your investment and make an economic profit while promoting your art.

All these points outline the approximate scene we create at our events. However, they are not rigid rules—every project and artist is unique. Let's talk! We are open to new and challenging proposals.
